34% of the attendees were women

Relevance

Respondents were satisfied with the relevance of the issues raised and discussed at the Forum. A lower rating was observed in the integration of gender issues in the discussion.

Effectiveness

The session was found to be satisfactory in effectiveness. The respondents found that the experience and knowledge sharing in the areas of Sustainable Development Goal 7 and multilateral energy connectivity and power trade were useful.

Efficiency

Respondents were satisfied with the organization and communications from ESCAP. Time available for discussion was satisfactory.

Key achievements

- Ministerial Declaration: Building a Secure, Sustainable and Interconnected Energy Future for Asia and the Pacific
- Regional networking and cooperation
- Good practices and lessons learned
- Enhanced knowledge
- Side events and expert dialogues
- Enhanced knowledge

Suggestions

1. Continue engagement among member States and partners in implementation of the Ministerial Declaration
2. More female representatives would be welcomed in the panel discussions

At a glance

- Relevance: 4.18
- Effectiveness: 4.25
- Efficiency: 4.18

Score from 0 to 5

- 0
- 2.5
- 5

Reflections of development trends/issues in the region
Useful for my government/organization
Need to integrate more gender issues

Time available for discussion
Enhancement of regional cooperation
Clarity of meeting documents
Resource persons’ mastery of topics
