INTRODUCTORY NOTE

This is the first issue of ***ESCAP Meeting Documents,*** the ESCAP Library's annual print-out of the development information produced by the divisions, units and special project of ESCAP which are issued as meeting papers and documents. Previous issues have consolidated both ESCAP meeting documents and publications under the title ESCAP Documents and Publications. The present publication is intended as a guide to documentation stored in the Library's ESCAP Bibliographic Information System (EBIS). It is prepared at the request of ESCAP member and associate members for wider dissemination of ESCAP-generated development information.

This publication contains annotated extracts from documents and other materials used for meetings, as issued during the period covered. It is divided into two parts:

Part One: The Bibliography lists all title entries with complete bibliographic descriptions and annotations in alphabetical order, which can be identified by an assigned reference number under each appropriate meeting. Each entry contains the multiple descriptors (keywords) representing the contents of the publication.

Part Two: The Keywords Index provides access to the information contained in ***ESCAP Meeting Documents***. In the index, the sequential reference number assigned to each entry in part one has been used to refer to the full bibliographic description.
